

CALL FOR PAPERS

Abstracts due

April 17, 2009

To be considered as a presenter for the 2009 conference, submit a **500-word abstract** of your presentation along with the following information: each author's **name, title, full address, phone, fax, and e-mail**. Abstracts and information should be sent electronically to **tlkirk@wsu.edu** or faxed to **509-335-7781**, attn.: Tamara Kirk, CDPE.

Papers about the application of technology in protection generation, transmission, distribution, and use in utility and industrial systems are most welcome. The conference relies on papers from utilities, manufacturers, industry, educators, and consultants to offer a well-rounded, informative program.
